

REMARKS

The Examiner has alleged that the election of species submitted on June 1, 2004 is not fully responsive since a listing of all claims readable on the elected species was not included. Applicant maintains the same arguments of election with traverse presented in the June 1, 2004 response, and further presents the below listing of claims readable on elected species I.

Applicant submits that claims 1-5, 10, 13-16, 18-21, 24-26 and 30-34 read on the elected species of Figure 3 (species I).

The Examiner is courteously invited to telephone the undersigned representative if it is believed that an interview might be useful for any reason.

Respectfully submitted,
